

newWORLDS

What would you do anew?

PAIUNet, the organizing body for the statewide education network has recently released the **New Worlds Multi-User Environment**. The New Worlds environment is a 3-D immersive environment where students and teachers can build communities, interact, communicate, and collaborate. New Worlds is similar to Second Life, but is populated and managed entirely by Pennsylvania educators from schools connected to PAIUNet. User accounts are strictly restricted to students and staff of educational entities that are members of the PAIUNet consortium which includes all of the LIU 12's Wide Area Network (WAN) members. Come learn about this new website you can use in your classroom. Please note that various multimedia applications will be needed to attend this workshop: Elluminate, Skype, Hippo OpenSim Viewer, and a browser. Details will be forwarded after enrollment. Workshop is limited to eight participants, so sign up early!

Session 1: April 27, 2010	1:30 PM to 3:00 PM	Elluminate Session
Session 2: May 4, 2010	10:30 AM to 12:00 PM	Elluminate Session

*This is a limited event.
Two Sessions only!*

Presenters:
Ann Johnston, IU 12
&
Anne Draus, MCIU 23
